Subject: Field trip tomorrow

Hi Jeff, Paul, and Brian,

I just wanted to give you a heads up that there will be a reporter with 7 News with us tomorrow morning, among about thirty participants, and questions will most likely include the Gold King Mine incident. I'm sure this isn't a surprise for you. My colleague Matt and I will try to keep the tour on topic, but it may be necessary to clear the air with this group about the relative safety of this project compared with the one down south.

In general, I'm assuming that you three will be presenting to the public. Is this correct? Brian Lorch will not be coming, so he won't need a turn this time around. Please let me know if I should be aware of any context or details for the tour, or other ways I can be of assistance, and I'll see you tomorrow morning!

Regards,

Jonathan Geurts
